

M18™ Self-Propelled Broadcast Spreader

EOP

Launch Ship Date: **2/1/2027**

NO MANUAL PUSHING

MOST CONSISTENT SPREAD

OPTIMIZED USER INTERFACE

- **MOST EFFICIENT SPREADING, INCREASED PRODUCTIVITY**
 - Self-propelled brushless motor, optimized weight distribution, and ergonomic handles offer a significant reduction in user fatigue in operation compared to pushing a manual unit.
 - In operation, the tool provides a balanced & weightless design to offer superior maneuverability.
 - M18™ REDLITHIUM™ FORGE 12.0AH battery will deliver 357,000sqft per charge.
- **MOST CONTROLLED SPREADING**
 - The self-propelled capability always regulates the speed of the rotary disk, delivering a consistent application from the first property of the day to the last.
 - User can control 10 dispersion hole size settings, and can easily switch from open spreading to edging application with one movement.
- **EASE OF USE, INCREASED DURABILITY**
 - Integrated user interface controls improve access to the dispersion controls, deflector, and speed modes, allowing for increased efficiency by positioning all of these controls at the user's fingertips.
 - Features such as stainless steel frame and fasteners, sealed gearbox, and sealed battery compartment all increase durability and life.
- **ADDITIONAL SPECS & FEATURES**
 - Fully compatible with 300+ solutions on the M18™ system
 - Fabric hopper lid included with each unit for material retention and protection.

ITEM #	DESCRIPTION	RETAIL
3030-20	M18™ Self-Propelled Broadcast Spreader Bare Tool	\$1,299.00
3030-21HD	M18™ Self-Propelled Broadcast Spreader Kit	\$1,499.00

M12™ Handheld Broadcast Spreader

EOP

Launch Ship Date: 11/16/2026

NO MANUAL SPINNING

MOST CONSISTENT SPREAD

SUPERIOR DURABILITY

- **EASIEST SPREADING, INCREASED PRODUCTIVITY**
 - Our brushless motor offers best-in-class spread control and consistency throughout the entire application while eliminating the need for two-handed manual operation and greatly reducing user fatigue.
 - M12™ REDLITHIUM™ CP 2.0AH battery will deliver 150,000sqft per charge.
- **MOST CONTROLLED SPREADING**
 - The brushless motor always regulates the speed of the rotary disk, delivering a consistent application from the first property of the day to the last.
 - This spreader offers a spread pattern of 125° paired with three throw distance modes across 2ft, 4ft, & 6ft, and 5 distinct gate settings allowing you to set your spread distance for a consistent spread throughout the entire hopper discharge.
- **EASE OF USE, INCREASED DURABILITY**
 - Integrated user interface controls improve access to the speed modes, deflector, and gate settings, allowing for increased efficiency by centrally positioning all controls.
 - Designed to withstand tough landscaping environments, this spreader incorporates a durable tool housing, robust gears, and a sealed battery compartment for increased durability and life
- **ADDITIONAL SPECS & FEATURES**
 - Fully compatible with 150+ solutions on the M12™ system

ITEM #	DESCRIPTION	iMAP
3330-20	M12™ Handheld Broadcast Spreader Bare Tool	\$149.00
3330-21	M12™ Handheld Broadcast Spreader Kit	\$199.00

M18™ 4-Gallon Backpack Sprayer w/ SWITCH TANK™

EOP

Launch Date: 3/17/2025

BEST PRESSURE CONTROL

BEST PRESSURE CONTROL

- Instant Pressure: No manual pumping to build up pressure, instant liquid delivery with trigger pull
- Constant Pressure: No fluctuations in pressure driving ultimate user control in application
- Adjustable Pressure: 5 flow rate settings to optimize flow rate for wide range of applications

NO MANUAL PUMPING

- Powerful pump and motor deliver instant and constant pressure up to 140 PSI and 0.52 GPM
- Faster application speed & less fatigue vs manual pump competitors

INTERCHANGEABLE TANK DESIGN

- SWITCH TANK™ technology delivers Interchangeable tank system
- Add on and interchange tank assemblies to eliminate cross-chemical contamination
- Replaceable tank assembly delivers lower cost of ownership

OPTIMIZED TANK GEOMETRY

- Optimized center of gravity for reduced user fatigue
- Easy access latches for intuitive tank interchange
- Premium harness for improved user comfort

DURABLE DESIGN

- Ground up design for improved durability and performance through rigorous life

RUN-TIME

- Up to 20 tanks per charge on Mode 3 w/ kitted XC 3.0 battery

PART OF THE M18™ SYSTEM

- Fully compatible with 275+ solutions on the M18™ System

ITEM #	DESCRIPTION	iMAP
3019-21PS	M18™ 4-Gallon Backpack Sprayer w/ SWITCH TANK™ (Kit)	\$499.00
3019-20PS	M18™ 4-Gallon Backpack Sprayer w/ SWITCH TANK™ (Tool Only)	\$399.00
49-16-19PS	4-Gallon Sprayer Tank Assembly w/ SWITCH-TANK™	\$199.00

NO MANUAL PUMPING

INTERCHANGEABLE TANKS
