

Impact (NS3) Spreader Sticker	Gallon 4 X 1 gal	<p>Impact™ is a 90% active nonionic spreader sticker formulated to serve the professional needs of agriculture, industrial vegetation management, and specialty turf and ornamental spray applications.</p> <ul style="list-style-type: none"> • Reduces water-tension of spray solutions • Improves effectiveness of herbicides, insecticides and fungicides • Enhances pesticide contact with the target pest or pathogen
Neutralize Tank Cleaner	2 lb 12 X 2 lb	<p>Neutralize is a powerful and safe way to remove pesticide residues from your spray equipment. It effectively cleans and removes pesticide residues left by 2,4-Ds and sulfonylureas, residues that are hard to remove and extremely active at low rates.</p> <ul style="list-style-type: none"> • Non-corrosive • Safe for agricultural, pest control and turf use • Helps prevent cross-contamination • DuPont® approved
Shakedown Antifoam	Quarts 12 X 1 qt	<p>Shake Down™ eliminates unwanted foaming in spray applications involving recalculating sprayers and other high agitation equipment.</p>
Marking Foam Concentrate	1/2 gal 4 X 1/2 gal	<p>All-Weather Foam Concentrate carries the highest concentration levels available: 160:1.</p> <ul style="list-style-type: none"> • Highly concentrated • Easy to handle • Will not burn turf • Lasts 30 minutes to 2 hours • Virtually unaffected by hard water • Cost effective
pHix It PH Balancer	Gallon 4 X 1 gal	<p>pHix It™ is a low foam spray solution buffering agent that enhances the performance of pesticide spray solutions. The use of pHix It as a buffering agent reduces the negative effects of alkaline hydrolysis, a pH-sensitive chemical process that accelerates the breakdown of active ingredients in commonly used pesticides.</p> <p>pHix It spray solution adjuvant also contains an antifoaming agent to reduce and minimize foaming that sometimes occurs in pesticide spray solutions.</p>
BioGain WSP Biostimulant	40 x .25 lb WSP	<p>BioGain® WSP® (Water Soluble Packets) is a unique, dry combination of natural humic substances, seaweed extract and a proprietary blend of natural sugars, vitamins, amino acids and beneficial bacteria. BioGain WSP is designed for use in spray application programs to reduce stress and stimulate root growth through enhanced water and nutrient uptake, in grasses and landscaping plants.</p>
Salute WSP Biostimulant Turfgrass Conditioner	24 x .5 lb WSP	<p>Salute WSP® is a unique, dry blend of natural humic substances, seaweed extract, potassium silicate, plant saponins, carbohydrates, sucrose, amino acids and beneficial bacteria in pre-measured water soluble packets.</p> <ul style="list-style-type: none"> • Reduces the effects of plant stress • Stimulates root growth through enhanced water and nutrient uptake • Elevates wear tolerance • Enhances ball roll • Facilitates uniform cutting of turfgrass • Promotes turf recovery and healing
Turf Mark Spray Indicator	Quarts Tablets 2.5 gal 40 x 1 WSP	<p>Turf Mark® Spray Pattern Indicators allow applicators to see exactly where they have sprayed, preventing skips and overlaps and helping to pinpoint drift.</p> <p>Colors; Blue and Green (Green only in 40 x 1 WSP)</p>
Green Lawnger Turf Colorant	Gallon 2.5 gal	<p>Becker Underwood proudly introduces the Green Lawnger® family of products with ColorLock™ technology. Green Lawnger brand products offer a premium quality, long lasting solution for all your turf colorant needs.</p>
Transition UV heat absorbing colorant	Gallon	<p>Transition™: A new advanced UV heat-absorbing colorant that produces a very dark green color on turfgrass. Retaining radiant energy during low photoperiods, it creates elevated soil-surface temperatures to delay the effects of plant dormancy in late fall. When applied in early spring, Transition promotes rapid turfgrass green-up and jump starts the playing season.</p>

<p>Sprint 330 & 138 High Performance Iron Chelates</p>	<p>5 lb</p>	<p>For dark green, healthy plants, Sprint® 330 and Sprint 138 iron chelates are unquestionably the best iron products available. Unlike non-chelated or weakly chelated irons, the strong Sprint iron chelates maintain and protect plant available iron in turf, containerized and field grown plants, trees and shrubs.</p> <p>Sprint 330:</p> <ul style="list-style-type: none"> • 10 percent fully chelated DTPA iron • performs best in slightly acidic to slightly alkaline soils with a pH of up to 7.5 <p>Sprint 138:</p> <ul style="list-style-type: none"> • 6 percent fully chelated EDDHA iron • for soils that are alkaline and calcareous, including soils with a pH greater than 7.0
<p>Sprint 330 + Mn High Performance Chelated Iron and Manganese Blend</p>	<p>50 lb</p>	<p>Sprint® 330 + Mn is a professional formulation of chelated iron and water-soluble manganese. This micronutrient blend corrects specific mineral deficiencies in slightly acidic to slightly alkaline soil.</p> <p>Sprint 330 + Mn delivers an agronomically preferred ratio (1:2) of iron and manganese.</p>
<p>Admiral Lake Colorant</p>	<p>16 x 1 WSP Gallons 4 X 1 gal</p>	<p>Admiral® Lake Colorant is used as an integral component in a lake and pond management program by controlling the growth of several types of aquatic weeds and algae while aesthetically enhancing the appearance of water.</p> <p>Admiral Lake Colorant is available in both liquid and WSP® (water soluble packets) formulations. It is the only EPA registered algaecide available in water soluble packets!</p>
<p>Black Onyx Lake and Pond Colorant</p>	<p>16 x 1 WSP Gallons</p>	<p>Black Onyx™ Lake and Pond Colorant is a high-concentrate colorant that creates a natural, mirror-like appearance often associated with black-colored water.</p> <p>Black Onyx is ideal for lakes, ponds and other ornamental water features found on golf courses, in residential communities and municipal recreation parks.</p>
<p>Lake Colorant WSP</p>	<p>16 x 1 WSP Gallons</p>	<p>Lake Colorant WSP® (water soluble packets) is a concentrated blend of dry-flowable colorants for improving the appearance of lakes, ponds and fisheries.</p> <p>The WSP formulation provides convenient, premeasured packets that can be simply tossed into the body of water to be treated. As the water-soluble packets dissolve, colorant is evenly dispersed across the surface of the water imparting an aesthetically pleasing, natural blue color to the lake or pond.</p>
<p>Tree Guard Deer Repellent</p>	<p>Quarts Gallons</p>	<p>Tree Guard deer repellent is a pre-mixed, ready-to-use deer repellent for spray applications. A unique latex polymer carries the active ingredient, Bitrex, and holds it to the surface of the plant, resisting rain and wash-off for up to 100 days. The formulation dries clear to enhance the appearance of trees, shrubs and ornamentals.</p> <ul style="list-style-type: none"> • Use on flowers, shrubs and trees • Lasts up to 100 days • Rain resistant • Ready-to-use
<p>Visor Greenhouse Coat- ing Product</p>	<p>2.5 gal</p>	<p>Visor® White is for use on all greenhouse-roofing materials of glass, acrylic or poly.</p> <p>Visor Super Shade is a longer lasting formula for use on glass surfaces only.</p> <ul style="list-style-type: none"> • Diffuse light • Reduce heat • Provide uniform coverage
